Resinous Flooring

Tennant Coatings
 Authorized Installer

Experience that you can count on. Products that guarantee performance.

Root's Incorporated has specialized in resinous flooring since 1993. Located in Battle Ground, WA, Root's confidently stands behind their proper planning, quality work and follow-up service.

Never second guessing, prior to any bid they consider all of the given specs and try to imagine any what-if situations to maximize efficiencies in construction, materials and ongoing maintenance. From crack and joint repair to massive warehouse floors and safety striping, Root's has the solutions.

Over the last 20 years, Root's has installed millions of square feet of polymer flooring systems primarily in Washington and Oregon, but also including Idaho, Utah, Montana, Alaska and Colorado. Root's has successfully provided many Industry-specific flooring needs, whether it was environmentally friendly, bacteria resistant, hydrostatic, chemical resistant, temperature tolerant or simply safe, and easy to clean. These industries have included the critical needs for major food processing, aerospace, electronics, automotive, retail and manufacturing.
